## Organizational Chart for Fiscal Year 2018

OFFICE OF THE TOWN ADMINISTRATOR  
Ed Cannon

November 27, 2017

Honorable Mayor and Board of Trustees  
Town of Wellington  
Wellington, Colorado 80549

Dear Mayor Singewald and Wellington Trustees:

Please find for your review and consideration the proposed FY 2018 Annual Budget covering the period of January 1, 2018 through December 31, 2018.

The annual budget is a policy document that establishes the financial direction for the Town and defines the service priorities for the community. It is the culmination of months of effort by Town staff to align finite resources to Town goals and the delivery of essential public services. The budget process provides the opportunity to evaluate past operational performance, monitor progress toward the Town's goals and explore new opportunities.

This budget is presented as a balanced operational plan for the upcoming fiscal period. The Town enjoys a stable financial position while providing excellent services to its residents and businesses, primarily due to the Town's professional and motivated workforce. During 2017, the Town implemented organizational changes to better meet current obligations, and additional changes will occur in 2018 which will position the Town to both capitalize on emergent opportunities and weather unexpected challenges.

## **FY 2018 GOALS**

In late Summer 2017, Wellington's estimated population reached 10,000 and is expected to grow at a rate of 5% for the next 3 - 5 years. Sustainable growth management will be the Town's greatest challenge in 2018 and beyond. The following goals will position the Town to meet these challenges and provide for the future needs of the community.

### **Strategic Planning**

In 2018, the Board of Trustees, staff, and the community will participate in strategic planning. Strategic planning is an important step in Wellington's future because it will help identify priorities and lay out measurable goals to achieve Wellington's vision. Strategic planning is a tool that is useful for guiding day-to-day decisions and evaluating progress, as well as allowing opportunity for changing approaches when moving forward. It identifies why our Town government exists, whom we serve, and the benefits derived from our services

In the coming years Wellington will face many challenges. Sustainable growth, long-range land usage, increasing our retail and commercial base, creating new industrial development and jobs, developing Main Street and other economic corridors, maintaining public infrastructure, sourcing new water, and improving our parks and trails should all align with our strategic plan.

### **Comprehensive Master Plan Update**

The Wellington Comprehensive Master Plan was first written in 2008, and updated in 2014. The Plan is used by the Town's Board of Trustees, Town Staff, and various boards and commissions to determine annual work programs and budgets. It is used to guide decisions relating to land use, infrastructure improvements, community character, and environmental quality. All proposed annexations, rezoning, subdivisions, and conditional usage must align with the Comprehensive Master Plan.

An update to the plan will begin in 2018. It will focus on sustainable growth management, preservation of commercial and business corridors, public infrastructure expansion, and community character. It will also examine growth corridors to meet the strategies and objectives identified in our Strategic Plan.

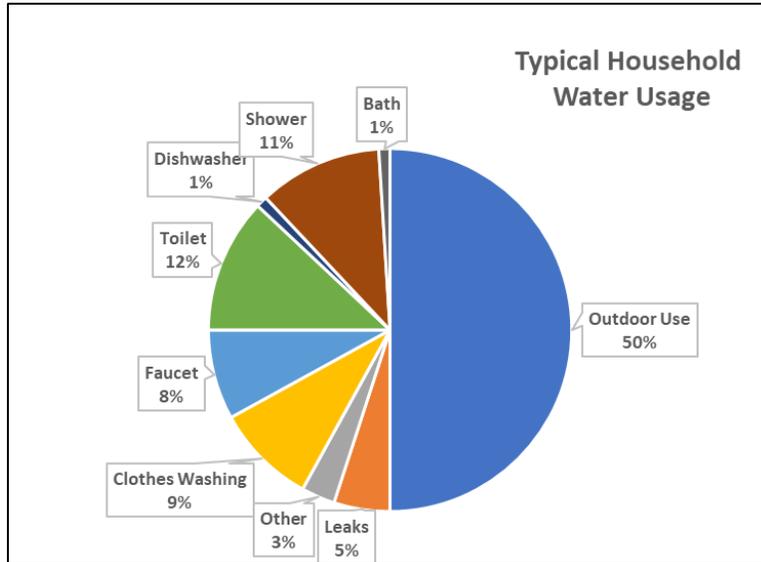

### **New Town Hall**

Wellington has outgrown the Town Hall facility, and the conference room at the Town Hall Annex was recently converted to provide office space for the Town Planner. Staff is currently searching for interim office space in town to accommodate new positions for 2018, including the Public Works Director, Public Works Administrative Assistant, and two (2) public engineers.

Wellington has secured a location for a new Town Hall, and a steering committee will work with an architectural firm in 2018 to determine space requirements and develop a conceptual design for the facility. Staff will seek up to \$1.2M in grants to design and construct the facility, with an estimated completion date in 2021.

## Water Efficiency Planning

A study by Colorado State University states that a typical Colorado household consumes approximately 0.5 acre feet (about 150,000 gallons) per year, with 50% of this amount used for outdoor irrigation (see chart below).

Wellington has water rights for 2,400 acre-feet of water per year, which can support a population of between 17,000 and 22,000. Growth projections indicate the Town will reach its max decreed right within the next 10 – 15 years. Therefore, the Town is committed to sustainable water management through conservation efforts.

The Water Conservation Act of 2004 requires municipal water utilities that deliver 2,000 acre-feet or more of water to have a Water Efficiency Plan. An efficiency plan outlines conservation and water management measures to help preserve existing water supplies.

In 2018, Wellington will engage a consultant to assist the Town in developing a Water Efficiency Plan. Wellington is also eligible for a 75% grant from the Colorado Water Conservation Board for plan development.

## Drinking Water

Locating new water will remain a high priority for Wellington in 2018. As noted above, Wellington's decreed water rights can support a population of between 17,000 and 22,000. Conservation efforts can reduce demand, but further growth will require the Town locate and secure additional water rights. In 2016 the Town engaged Wright Water Engineers, Inc. (WWE) to locate and determine the feasibility of available water resources. WWE provided a report in February 2017, and the Town has continued to work with WWE in efforts to refine the search.

## Securing New Commercial and Industrial Development

Wellington has long been recognized as a “bedroom community” of Fort Collins due to the availability of lower housing costs. As a result, residential growth has outpaced commercial development. During 2017 Wellington welcomed new businesses on Cleveland Avenue, Boxelder Business Park, and the Wellington Business Center. 2018 will continue to see new commercial growth, including a new Taco Bell, Soul Squared Tasting Room, O’Rielly Auto Parts, and 4K Painting and Drywall, to name a few.

## MAJOR CAPITAL PROJECTS IN 2018

### Water Treatment Plant Upgrade

Estimated Budget: \$12M

Estimated Completion Date: April 2020

In November 2017, the Wellington Board of Trustees approved a contract with Stantec Engineers to design and build a \$12M upgrade to the Reservoir #3 Treatment facility. The current facility has the capacity to provide limited peak summer demand flows of approximately 2MGD (million gallons a day). In Summer 2017 peak demand reached 80% capacity at the facility, and growth projections indicate demand will exceed capacity by Summer 2021.

The upgrade will increase capacity to 4MGD, thereby doubling capacity. Additionally, the treatment process will undergo a substantial change to eliminate the summer taste and odor issues caused by algae blooms in North Poudre Irrigation Company Reservoir #3. Finally, the upgrade will allow the Town to treat its entire water right decree, allowing the town to provide sufficient water for up to 22,000 residents.

Project funding will include Water Fund reserves and Colorado Department of Public Health and Environment State Revolving Loan funds. The project is eligible for up to \$1.2M in grants from the Colorado Department of Local Affairs.

### 2018 Road Projects

Budget:

Road Fund           \$400,000

Water Fund         \$300,000

Sewer Fund         \$45,000

Project Budget:    \$745,000

Construction Period: March - June

Wellington is entering the third year of a seven-year road maintenance capital program to update roads in Old Town. Each year of the project, Wellington budgets \$400,000 from the Street Fund, with

additional funds (if needed) from Water, Sewer, and Storm funds should the project include upgrades to public infrastructure. Roads to be repaired in 2018 include:

- Grant Avenue, First to Fourth Streets
- Second Street, Cleveland to Grant Avenues
- First Street, Cleveland to Garfield Avenues
- Second Street, Tyler to Kennedy Avenues
- Kennedy Ave, Third to Fourth Streets
- Boxelder Court

Grant Avenue will include replacing the water main between 1<sup>st</sup> and 4<sup>th</sup> Street and a small section of sewer main.

## PERSONNEL

Wellington has grown 59% since 2010, yet staffing levels have only seen a modest 9.6% increase. As Wellington grows we add more roads, parks, right of ways, and public infrastructure resulting in an ever-increasing demand on municipal resources. To meet this demand and provide for future long-range growth the FY 2018 budget includes allocations for 4 additional full-time positions: Town Planner, Public Works Director, Assistant Finance Director, and Human Resource Specialist. Additionally, during 2018 the Town will transition from contracted engineering services to staffing up to two (2) in-house Professional Engineers. The Town will also add a Public Works Administrative support position and a part-time Administrative Intern. Funding for these additional positions will be realized through reductions in contractual engineering services.

### Administration Department

Administration	2017	2018	Changes
FTE*	5	6.5	Add HR Specialist, Intern

\* FTE (Full Time Equivalent)

Administration staff includes the office of the Town Administrator/Clerk, Assistant Administrator/HR, Deputy Clerk, Administrative Assistant, and Code Enforcement. During 2018 the Town will add a full-time Human Resource Specialist and one part-time Intern position.

The Human Resource Specialist will work under the direction of the Assistant Administrator and be responsible for pay and benefits, job audits, recruitments, risk management, training and compliance. The Administrative Intern position will assist administration with public communication and engagement, website maintenance, social media, press releases, newsletters and community surveys.

### Finance Department

Finance	2017	2018	Changes
FTE	4	4	Add Asst. Finance Dir. Move Meter Reader to PW

Finance staff consists of the Finance Director/Town Treasurer, Administrative Analyst, Utility Billing Clerk, and Utility Meter Reader. In 2018 the Town will add an Assistant Finance Director position and reassign the Utility Meter Reader position to Public Works.

The Assistant Finance Director will be responsible for accounts management and analysis, reporting, supervision of accounting operations, budgets, auditing, and departmental accounting. The position will improve the Town’s accountability and transparency to the Board of Trustees and residents.

### Public Works Department

Public Works	2017	2018	Positions
Administration	0	2	Add PW Director, Admin Clerk
Streets	9	10	(Transfer in) Utility Meter Reader
Water	4	4	
Waste Water	3	3	
Engineering	0	2	Add Civil Engineer I and II
FTE	16	21	

Public Works (PW) is the Town’s largest department and is divided into 5 divisions: Administration, Streets, Water Utility, Waste Water Utility, and Engineering.

2017 saw many changes in the PW Department. First, the position of Utility Superintendent was eliminated, and the Operator of Responsibility in Charge (ORC) positions at both the Water and Waste Water Treatment Facilities were renamed Water and Waste Water Superintendents. Under this alignment oversight and responsibility was delegated down to the operator level, which greatly enhanced the Town’s ability to treat fluctuations in water quality and better meet water demands. An additional Water Operator was also added in 2017.

The second change in 2017 was the creation of the Public Works Director position, which will be filled in 2018. The PW Director will provide strategic management of the department, capital project management, and budget management. In December 2017, the Town engaged KRW Associates to assist with the PW Director recruitment.

A significant change in 2018 will be the transition from contract engineering service to staffing in-house engineers. In-sourcing engineering will reduce operational costs and provide a more responsive structure for current and future development and public infrastructure projects.

*PW Administration Division*

PW Administration includes the PW Director and an Administrative Clerk. The Clerk will provide administrative support, records management, invoicing, purchases, and work order management.

*Streets Division*

Streets is headed by the PW Superintendent and includes public maintenance workers, fleet mechanics, park maintenance, and utility collections and distribution operators. In 2018 the Utility Meter Reader position will be reassigned to the Streets division. The Streets division also utilizes up to four (4) seasonal part-time staff to assist with mowing, right-of-way maintenance, weed control, and park maintenance. The Streets division maintains Town roads, municipal facilities, parks, vehicles, and water and sewer delivery and collection systems.

*Water Utility*

Water Utility consists of the Water Treatment Plant Superintendent and three operators. Water Utility is responsible for treatment facilities at the North Poudre Reservoir #3 and the Wilson Well Nano-filtration plant.

*Waste Water Utility*

Waste Water Utility consists of the Waste Water Superintendent and two operators. The treatment facility was last upgraded in 2014.

*Engineering*

Engineering will be a new division in 2018. Engineering will report to the PW Director and be responsible for public infrastructure oversight and design, capital project management, construction specifications, detailed plans and estimates, field inspections, and maintenance of the Town geographic information system (GIS).

**Planning and Zoning Department**

<b>Planning and Zoning</b>	2017	2018
FTE	2	2

A significant change in 2017 was the creation of the Town Planner position. The Town Planner reports to the Town Administrator and is responsible for oversight on residential and commercial development,

zoning compliance, construction permitting, land usage, annexations, and updating the Town Comprehensive Master Plan. The Town Planner serves as the principal staff liaison to the Planning Commission. The department includes the Town Planner and a Building Permit Technician.

**Recreation Department**

<b>Recreation</b>	2017	2018
FTE	2.5	2.5

Recreation is staffed by a full-time Recreation Manager and Assistant Manager, and one part-time Program Assistant. The Town’s Recreation department provides year-round recreational activities and programs for youth and adults. In 2017 a new Recreation Manager took the helm and greatly expanded programming to offer more recreational opportunities for the community. The Recreation Department utilizes seasonal part-time employees and contract instructors and recreation officials. The Recreation Department reports to the Assistant Town Administrator.

**Library**

<b>Library</b>	2017	2018
FTE	3	3

The Wellington Public Library is located at the Leeper Center and provides many services, including summer reading programs, pre-school story times, and community activities and events. The Library is staffed by a full-time Director and four permanent part-time library clerks. The Library reports to the Town Assistant Administrator.

**ACKNOWLEDGEMENTS AND CONCLUSION**

The preparation of the annual budget would not have been possible without the diligence and collaborative efforts of Wellington’s departmental and management staff. I want to acknowledge the leadership of Finance Director Keith Wilson, with the assistance of Assistant Administrator Ryan Abbott and the rest of our management team in preparing this critical plan for managing the Town’s resources in the upcoming fiscal year.

The proposed FY 2018 budget continues the Town’s commitment to providing a high level of service to residents, businesses and guests, while responsibly managing the resources entrusted to the Town. The proposed budget advances the community’s strategic goals, particularly in the areas of financial and service sustainability.

On the behalf of Wellington Staff, I am proud to submit this balanced FY 2018 Budget to the Mayor and Board of Trustees and recommend its approval as presented. Should you have any questions about the

information presented in this document, please contact me at [cannonel@wellingtoncolorado.gov](mailto:cannonel@wellingtoncolorado.gov) or Finance Director Keith Wilson at [wilsonkj@wellingtoncolorado.gov](mailto:wilsonkj@wellingtoncolorado.gov) /970-568-3381.

Respectfully,

Ed Cannon  
Town Administrator

## **FINANCIAL BUDGET MESSAGE**

December 4, 2017

Honorable Mayor and Board of Trustees:

In accordance with the Colorado Revised Statutes, I am pleased to present the Requested Budget for the 2018 calendar year. It is a balanced budget with no tax rate increases. The 2018 Budget has been developed and discussed over four Budget work sessions. During these sessions, input from the Board was considered and appropriate changes made. All funds are balanced with sources of revenue identified to meet all projected expenses. The 2018 Budget was reviewed and discussed and it is our opinion the revenues and expenses are realistic and justified.

The budget is structured on the cash basis, with the receipt or outlay of cash driving the budgeted amounts. Accruals of receipts or payments for 2018 related activity are included and 2017 activity excluded. Budgeted infrastructure dedications are not included in the 2018 budget as their timing and amounts are not known, or often in flux as the related projects progress. Including these in each year's budget distorts analysis of revenues and spending compared to budget during the year. When infrastructure dedications occur in 2018 and forward, they will be accompanied by a supplemental budget and appropriation to address the "spending" of the additional revenue from the dedication. An infrastructure dedication recognizes revenue from the value of the dedication and expense of the same value.

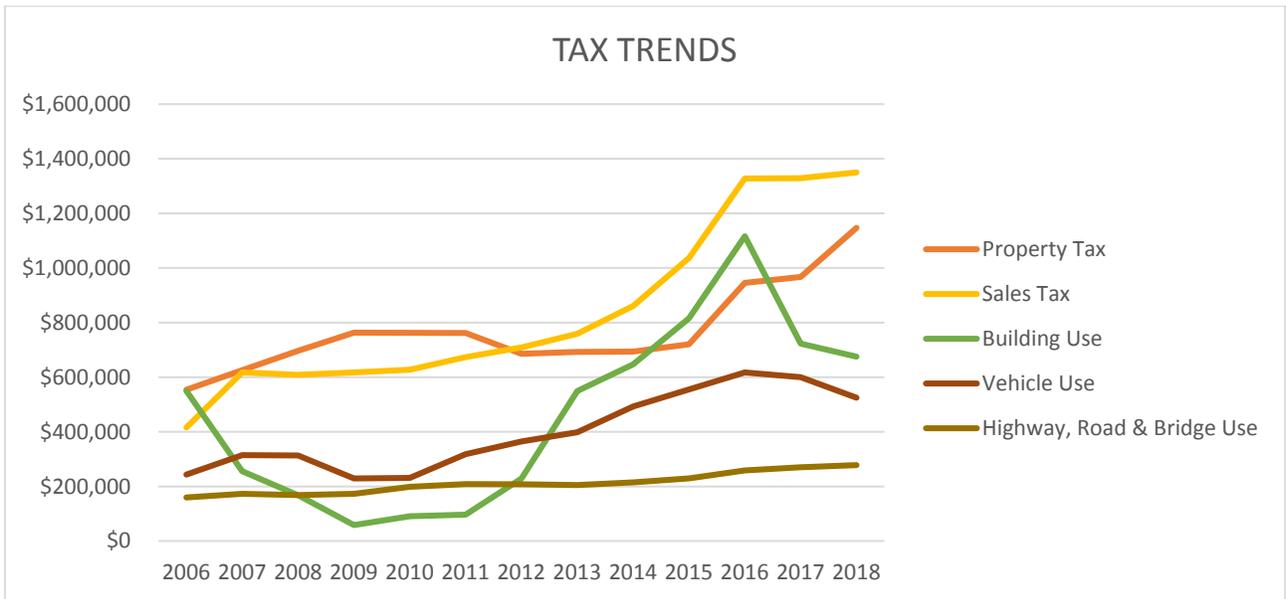

New for 2018 in the attached budget presentation are highlights for each significant fund and a summary of the previous 10 years results by category to provide additional information for review.

### **REVENUE:**

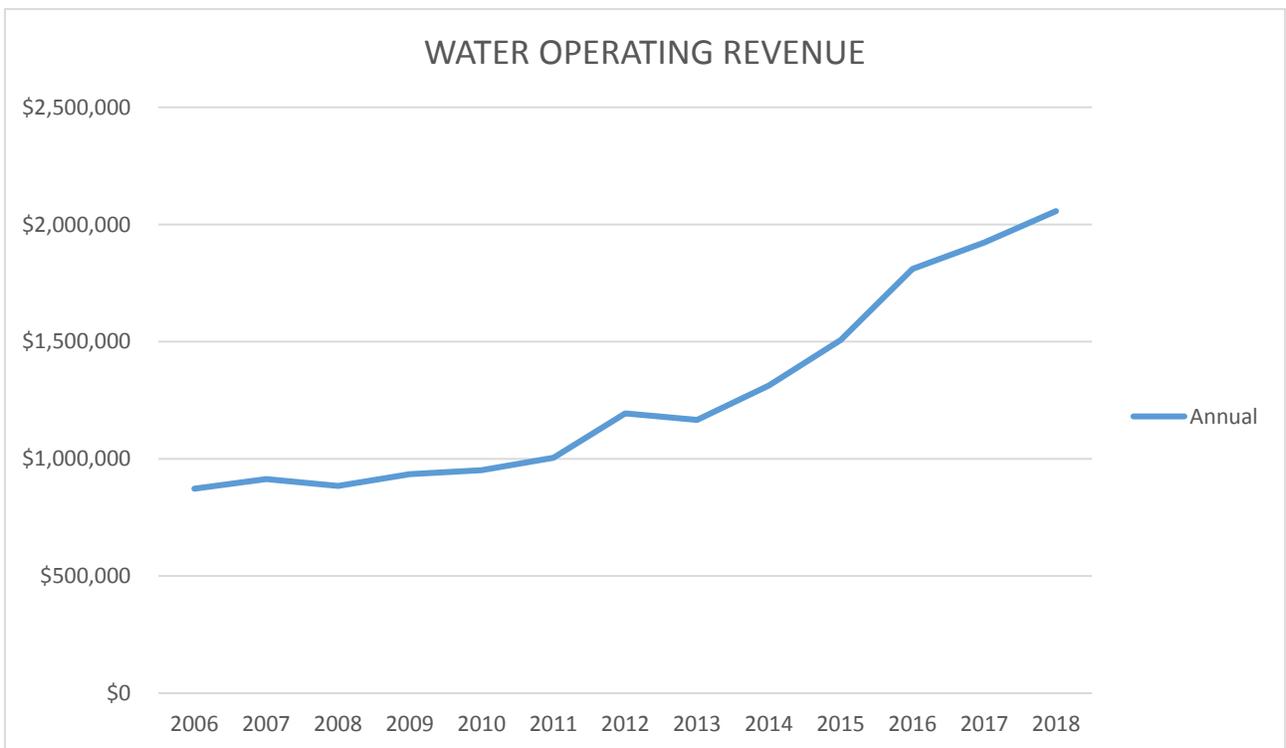

Property, sales and use and highway/road/bridge use taxes are the key sources of revenue for governmental activities. In total, these major taxes are projected to increase approximately 2% over the amount received in 2017. However, a decrease in building use tax is projected because of reduced building permit valuation activity expected in 2018 compared to the 2017 activity. Through November 2017, 188 residential permits averaging a \$224,000 valuation and 14 commercial permits averaging a \$333,000 valuation have been issued. The 2018 budget projects 200 building units at a \$225,000 valuation for each unit. Timing of the progress of the developments is critical but the 200 units should be achievable with any commercial development increasing the valuation average. Sales taxes on transactions within the Town limits continue to grow at a slow, steady pace. The increase will accelerate as more commercial retail and restaurants come on line. Vehicle use tax is projected to decrease slightly, because of the uncertainty of resident vehicle purchasing plans.

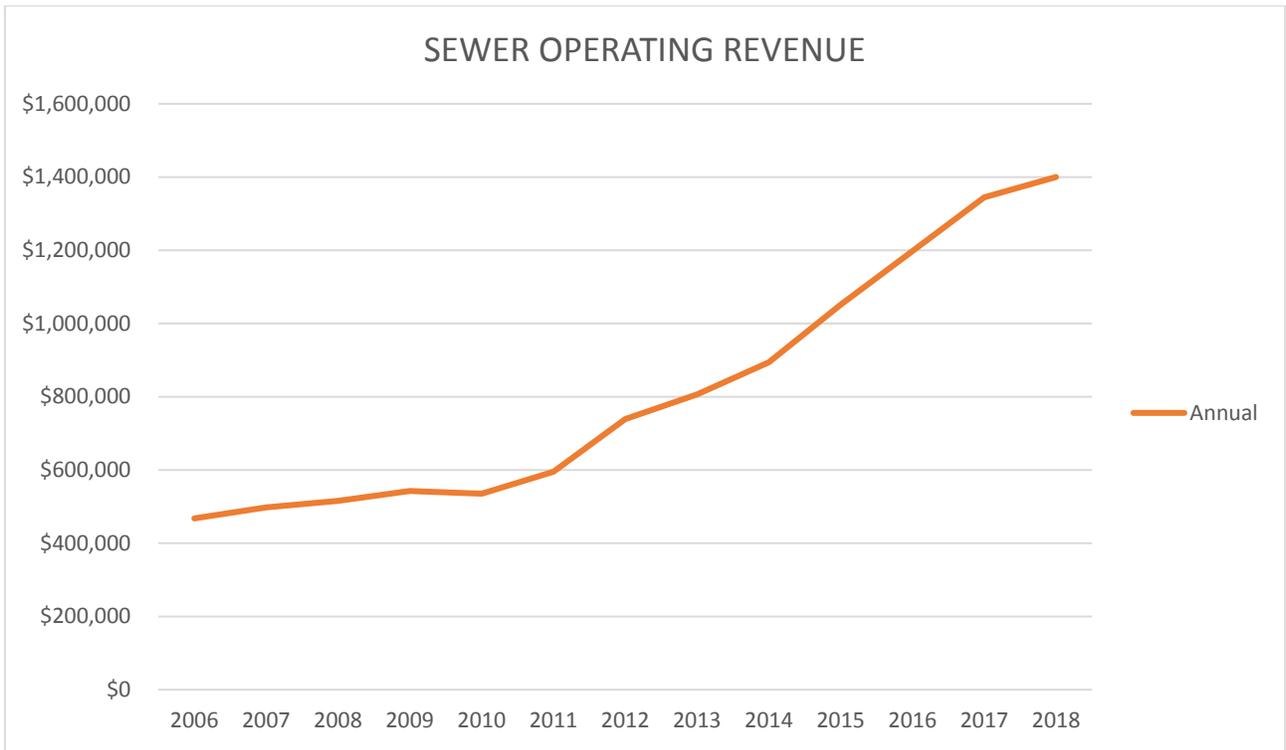

Property tax assessed valuation for 2018 is \$85,201,982, an increase of \$13,836,722 over 2017. Assessed value for new construction contributed \$5,657,785 and the remainder of \$8,178,937 reflects a property appreciation increase partially offset by a decrease in the assessed valuation percentage for residential property. The result of property appreciation and new construction

reduced by the decrease in valuation percentage adds \$180,000 in 2018 for a total of \$1,060,000 in property tax revenue to the Town General Fund. A small portion of the total property tax revenue (\$87,000) is dedicated to repaying the general obligation bonds in the Water Fund.

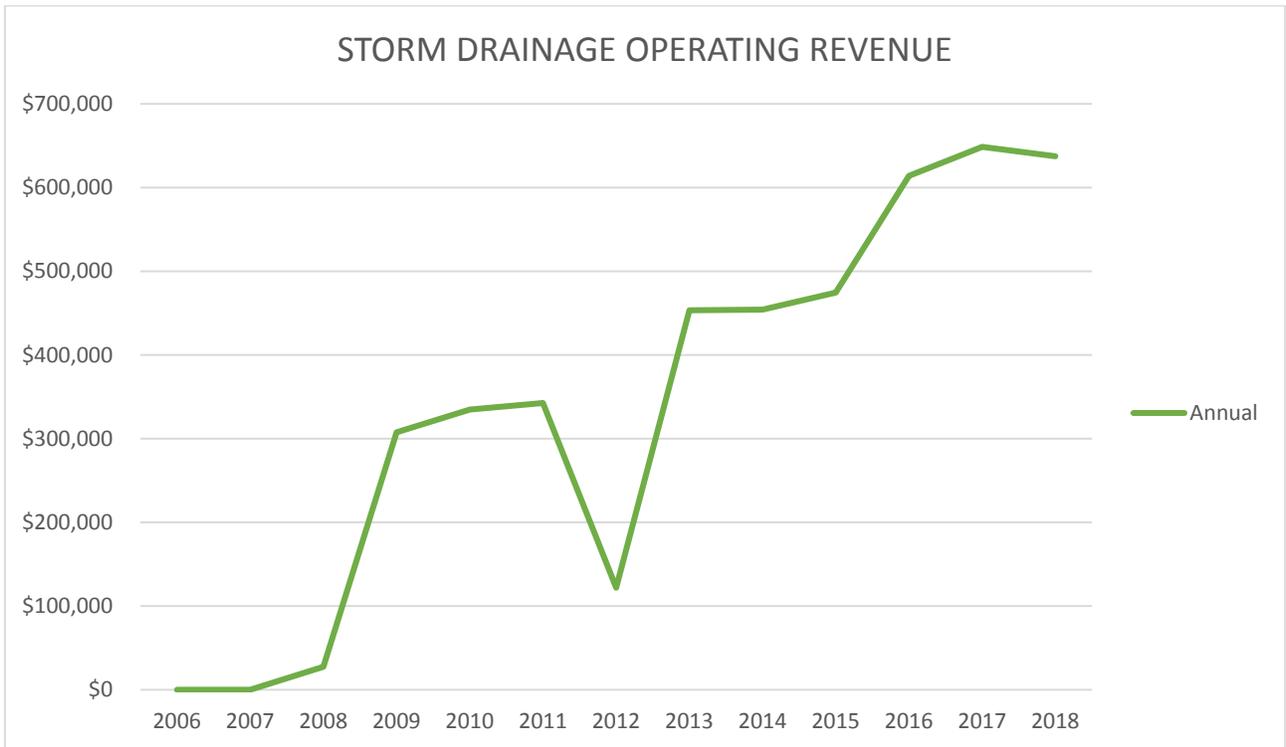

Operating revenues for the Water and Sewer Funds continue a steady increase as additional new homes come on line to the Town services. Currently, billed water meters indicate a 6% increase over December 31, 2016. The new homes and attached meters come on line throughout the year. The 2018 budget reflects a 3% increase in operating revenues expected for next year. The greatest portion of operating revenues is actual water used, with the highest usage during the irrigation season. Weather can have a significant impact on revenue. We have addressed the uncertainty for 2018 by keeping revenue projections conservative.

Storm Drainage operating revenue is expected to decrease slightly. Storm Drainage impact fees for remittance to the storm water authority will decrease with the reduced building permit projection.

Capital contributions include revenues received from utility impact fees and are accumulated for necessary capital investments in the Water, Sewer or Storm Drainage infrastructure. On a year to year basis, they may be impacted by infrastructure dedications from developers. However, as discussed above, in the future dedications will only be budgeted when realized. The capital contribution budget for 2018 does reflect the impact fee increases for water under Ordinance 6-

2017 effective April 25, 2017 and for storm drainage under Ordinance 1-2017 effective January 1, 2017.

## **EXPENDITURES:**

During 2017 the Town split the Utilities Superintendent position into a Waste Water Superintendent and Water Superintendent and along with the allocation of dollars from other positions (including one never filled) stayed within the 2017 salary allocation. Having Superintendents in each operation has increased the efficiency of both operations and created strong teams to serve the Town for many years to come. Each manager has reviewed their budgets and made changes where appropriate based on the current assessments of their operations.

The 2018 Budget includes four new fully budgeted personnel: a city planner, public works director, assistant finance director and human resources specialist. Salary dollars available from open positions at various times during 2017, enabled the Town to add the critical city planner position in the last quarter of 2017. Additional personnel planned and discussed by the Town Administrator above will have their cost offset by reduced contract costs during 2018.

The Town proposed adding one LCSO deputy in 2018 and one in 2019. However, the budget work sessions with the Board revealed the desire for increased policing. A second deputy is planned mid-year 2018 to meet the increasing demands of Wellington's significant growth.

Significant one-time spending planned for 2018 to update documentation or planning are as follows:

1. \$12,000 – municipal code review and update
2. \$15,000 – update of the Town's survey of the cemetery
3. \$100,000 – water rate study, water efficiency study and strategic plan
4. \$25,000 – storm drainage plan
5. \$35,000 – Centennial Park RFP

Significant capital projects planned for 2018:

1. \$250,000 – engineering Thimmig property
2. \$175,000 – Thimmig – cul-de-sac
3. \$400,000 – old town street re-hab
4. \$117,000 – Thimmig water main extension
5. \$100,000 – Storage tank stirrers
6. \$300,000 – Grant Ave water line
7. \$63,000 – Thimmig sewer main extension
8. \$200,000 – Clarifier upgrades
9. \$50,000 – CIPP (lining for 10 miles)
10. \$45,000 – Sewer rehab Grant
11. \$65,000 – Pave to WWTP
12. \$61,000 – Thimmig detention pond
13. \$50,000 – old town street rehab storm drainage
14. \$50,000 – trail easement acquisition
15. \$500,000 – trail Jefferson to Washington
16. \$50,000 – pave existing trails
17. \$500,000 – approximately this amount will be remaining from 2017 Nano plant upgrade project

Capital budget for 2017 was \$8,293,500 net of infrastructure dedications of \$1,119,424. Total capital budget without dedications is proposed at \$3,052,835 for 2018. The Town may occur limited costs for the Water Treatment Plant Upgrade discussed by the Town Administrator, however, much of 2018 will be spent securing financing and grants for the significant project.

Keith Wilson

## Town of Wellington Fund Descriptions

### **General Fund:**

The General Fund is primarily funded by sales and use taxes, property taxes, fees for licenses and permits, charges for services and building inspection fees. The General Fund revenues are used for administrative, legislative (Board of Trustee related), judicial (court process for the Town), planning and zoning, public safety (Larimer County Sheriff Office), protective inspections (code enforcement and building inspections), operating costs supporting general Town buildings and activities, community activities, economic development and the library.

### **Street Fund:**

The Street Fund is funded by tax revenues derived from motor vehicle ownership, purchase and use. These include the motor vehicle ownership tax, motor vehicle registration fee, motor vehicle use tax and the highway users and road and bridge tax. Road impact fees are collected from building permits on new development to support and maintain the Town's road infrastructure.

Street Fund revenues provide administrative and operations support which includes street department employees, street repair and maintenance, snow removal and electricity for street lighting. Capital investment includes street maintenance equipment, traffic signals, road construction and significant road rehabilitation and expansion.

### **Water Fund:**

The Water Fund is one of the Town's three utility enterprise funds. Revenues arise from the monthly billing of water usage and new development raw water and water tap impact fees.

Expenses include administrative support, operating costs of the water treatment facilities, including staff, water purchase, treatment, distribution and repairs and maintenance of plant and equipment.

A small portion of the Town's property tax revenue is committed to the Water Fund general obligation debt. Additional debt service is currently covered with investment earnings.

Capital purchases include purchases of water meters for new homes or replacement, significant replacement of equipment, expansion or upgrade of water treatment plant capacity and replacement of water distribution infrastructure.

### **Sewer Fund:**

The Sewer Fund is a second utility enterprise fund. Revenues arise from monthly billing of sewer user fees and sewer tap fees from new development.

Expenses include administrative support and operating costs of the waste water treatment plant including staff and all costs of waste water treatment and repairs and maintenance of treatment plant equipment. Other costs include debt service for loans supporting waste water treatment plant construction and expansion.

Capital purchases include replacement of plant equipment, expansion of treatment facility and replacement of aged infrastructure.

### **Storm Drainage Fund:**

The third utility enterprise fund is the Storm Drainage Fund. Revenues originate from the monthly billing of Town storm drainage fees and Boxelder Basin Regional Stormwater Authority drainage fees. In addition, both Town and Authority impact fees are billed on building permits for new development.

Authority monthly and impact fees billed are accrued as an offsetting expense in the administrative category and remitted to the Authority in the 1<sup>st</sup> quarter of the following year.

Other expenses include administrative support and operating costs of staff supporting storm drainage. Capital outlays by the Town are utilized to build additional storm drainage capacity.

### **Park Fund:**

The Park Fund is funded by 1/3<sup>rd</sup> of the Town's sales tax, 1/3<sup>rd</sup> of the building use tax, 1/6<sup>th</sup> of motor vehicle use, open space sales tax and development impact fees for trails and parks. Recreation program fees are also collected and help support the Town's recreation activities. For 2018, a transfer of \$100,000 is planned from the Conservation Trust Fund to develop trails within the Town's open space.

Expenses include administration support, operating costs of park care and maintenance and costs of providing Town recreation activities. Capital costs include purchase of equipment, expansion of parks and construction of trails.

Debt service is for the loan obtained to partially fund the construction of Wellington Community Park.

### **Conservation Trust Fund:**

Conservation Trust Fund dollars are distributed by the Colorado Department of Local Affairs on a per capita basis to over 470 eligible local governments that provide park and recreation services in their service plans. Funding can be used for acquisition, development and maintenance of new conservation sites or for capital improvements or maintenance for recreational purposes on any public site. The Town of Wellington has created the Conservation Trust Fund and certified its creation to the Department of Local Affairs to receive the funds. As mentioned above, a contribution of \$100,000 is planned to augment the Town's investment in the trail system.

**Library Trust Fund:**

The Library Trust Fund is a fiduciary fund classified as a private-purpose trust fund. The Library Trust Fund accounts for library impact fees and grants and disburses funds for the benefit of the Town's library and therefore are not available to support the Town's own programs. Per Board of Trustee directive, 34% of Library Trust Fund revenue is transferred to the General Fund to help support library operations. The amount of transfer planned in 2018 covers less than 10% of total library operating cost. The remainder is supported by General Fund revenues.

## General Fund Budget Highlights

**Budget Increase:** Since the November 14 work session, the General Fund expenditure budget was increased by a total of \$112,945. \$99,145 of the increase is to reflect addition of a second deputy mid-year 2018. The first deputy added for 2018 as of January 1<sup>st</sup> was already included in the budget. In addition, the General Fund expenditure budget is increased by \$13,800 for the lease of office space on Cleveland Ave. beginning January 1<sup>st</sup>.

**Tax Revenue – Property Taxes – 201-01-3110:** Increase reflects growth in assessed valuation of 19% between years. New construction accounted for 8% of the increase.

**Tax Revenue – Sales Tax – 201-01-3130:** Two-thirds of the Town’s Sales Tax Revenue (2% of the 3% Sales Tax) is allocated to support General Fund activities. The remaining one-third (1%) supports the Park Fund.

**Tax Revenue – Use Tax – Building Materials – 201-01-3140:** Proposed 2018 budget is estimated from projection of 200 building units. General Fund receives 67% of the use tax and Park Fund receives 33%.

**Building Permits – Bldg. Admin Fees – 201-02-3450:** Estimated from projection of 200 building units.

**Building Permits – Bldg. Inspection Fees – 201-02-3462:** Estimated from projection of 200 building units.

**Transfers – Transfer in From LTF – 201-09-3739:** Reflects 34% of projected Library Trust Fund Revenues transferred to the General Fund.

**Legislative – Wages & Salaries – 201-11-5100:** Decrease due to changes in allocations to better reflect effort.

**Legislative – Comprehensive Plan Update – 201-11-5530:** Estimated cost to complete Town Municipal Code review and update.

**Administrative – Wages & Salaries – 201-15-5100:** Increase due to changes in allocations to better reflect effort and increased administrative staffing.

**Administrative – Office Space Rental – 201-15-5378:** Increase due to lease of property on Cleveland Ave. for office space.

**Planning and Zoning – Wages & Salaries – 201-18-5100:** With the addition of a Town Planner in late 2017, a new account was established for 2018 to capture the General Fund allocation of the Town Planner and Building Permit Tech in the Planning and Zoning category.

**Law Enforcement – LCSO – Personnel – 201-21-5364:** Reflects the addition of one new deputy January 1 and one new deputy mid-year.

**Law Enforcement – LCSO – Support Costs – 201-21-5376:** Reflects the addition on one new deputy January 1 and one new deputy mid-year.

## General Fund Budget Highlights (continued)

**Operating – Wages & Salaries – 201-34-5100:** Decreases due to changes in allocations to better reflect effort.

**Cemetery – Survey – 201-42-5454:** An updated survey of the cemetery is needed to confirm markers and add additional markers to make sure plots are properly allocated and utilized.

**Economic Development – Economic Development – 201-51-5154:** Increase reflects increased efforts to court commercial development.

**Transfers-Out – Storm Drainage Fund Transfer – 210-56-5207:** Projected 2017 transfer to Storm Drainage Fund to maintain adequate Fund Balance at December 31, 2017. This is in addition to the \$420,000 borrowed from the General Fund in 2016. Capital outlay from the Storm Drainage Fund was \$1.2 million the last two years for the Garfield Storm Drainage project.

## Street Fund Budget Highlights

**Tax Revenue – Motor Vehicle Use Tax – 203-01-3315:** In 2016 the Motor Vehicle Use Tax was split 50/50 between the Street Fund and Park Fund. For the 2017 Town Budget, the Board of Trustees recognized demands on the Street Fund and increased the allocation to the Street Fund from 50% to 83.3%. The result was 2.5% of the 3.0% use tax allocated to support Street repairs and maintenance. The revised allocation is carried forward in the 2018 Budget.

**Licenses & Permits – BP Road Impact Fee – 203-04-3376:** The budget is calculated from estimated permits for 200 building units at \$1,700 per permit. Per Resolution No. 22-2016 effective July 1, 2016, the impact fee was raised to \$1,700 from \$1,200. The \$500 increase was allocated to repay the Town's portion of approved signal project costs for traffic signals on the east side of the Highway 1 Bridge over I-25. Repayment of the collected increase is budgeted in **Traffic Signals – 203-70-5733** at \$100,000 (the projected building permits of 200 times \$500 per permit.)

**Administrative – Wages & Salaries – 203-15-5100:** Increase due to changes in allocations to better reflect effort and increased administrative staffing.

**Operating – Wages & Salaries – 203-34-5100:** Increase due to changes in allocations to better reflect effort and hiring of PW Director.

**Non-Depreciable Cap – Traffic Signals – 203-70-5733:** See BP Road Impact Fee discussion above.

**Capital Outlay – I-25 Pedestrian Underpass – 203-80-5905:** Amount budgeted to slurry seal rocks along the I-25 Pedestrian Underpass.

## Water Fund Budget Highlights

**Presentation:** Adjusted presentation of enterprise funds (Water, Sewer, Storm Drainage) from a listing of accounts to statements reflecting Operating, Non-Operating and Capital-Related format. The format provides a better matching of expenditures against revenue sources. Operating Revenues arise from the monthly billing of water usage to the Town's customers. Non-Operating Revenues are revenues from other sources, such as taxes, grants, interest or miscellaneous. Contributed Capital are revenues from Infrastructure Dedications or Water-Related Impact Fees.

**Administrative – Wages & Salaries – 204-15-5100:** Increase due to changes in allocations to better reflect effort and increased administrative staffing.

**Administrative – Rate Study – Consulting – 204-15-5401:** \$100,000 to cover cost of Water Rate Study and Water Efficiency Plan.

**Operating – Wages & Salaries – 204-34-5100:** Increases due to changes in allocations. Historically, individual Utility plant staff were split between Water and Sewer. Now operating staff and a Superintendent are dedicated 100% to each operation. In addition, the Public Works Director is allocated based on staffing of all Public Works employees, including Utilities.

**Operating – Chemicals – 204-34-5221:** Increases primarily carbon and algicide to address odor issues.

**Operating – Water Testing – 204-34-5334:** Increase due to mandatory TIE/TRE testing.

**Operating – R&M Supplies – Service Plant – 204-34-5433:** Clearwell pump #1 repair (\$35,000), service wash pump backup (\$8,000), filter actuator back up (\$4,500), carbon feed gearbox (\$4,500).

**Operating – Sludge Removal – 204-34-5440:** With increased water processing additional pressings and removal required.

**Operating – Nano Effluent Fees – 204-34-5594:** Fee from WWTP to process concentrate from the Nano Plant.

**Non-Depreciable Capital – Water Rights – 204-70-5745:** 2016 and 2017 amounts include costs from attorney and water engineers.

**Non-Depreciable Capital – Water Meters – New Homes – 204-70-5903:** Includes cost of radios to update all 2015 and 2016 new home installs with radios plus new home 2017 installs. 2018 budget includes 200 new homes including meter and radio.

**Non-Depreciable Capital – Water Meter Replacement – 204-70-5963:** 2017 includes 500 meters purchased from the City of Golden at a discount. These are planned for installation as part of the Old Town meter upgrade. Budget for 2018 includes radios for the 500 meters purchased in 2017 in addition to normal meter replacement budget.

## Sewer Fund Budget Highlights

**Presentation:** Adjusted presentation of enterprise funds (Water, Sewer, Storm Drainage) from a listing of accounts to statements reflecting Operating, Non-Operating and Capital-Related format. The format provides a better matching of expenditures against revenue sources. Operating Revenues arise from the monthly billing of sewer charges to the Town's customers. Non-Operating Revenues are revenues from other sources, such as taxes, grants, interest or miscellaneous. Contributed Capital are revenues from Infrastructure Dedications or Sewer-Related Impact Fees.

**Administrative – Wages & Salaries – 205-15-5100:** Increase due to changes in allocations to better reflect effort and increased administrative staffing.

**Operating – Wages & Salaries – 205-34-5100:** Increases due to changes in allocations. Historically, individual Utility plant staff were split between Water and Sewer. Now operating staff and a Superintendent are dedicated 100% to each operation. In addition, the Public Works Director is allocated based on staffing of all Public Works employees, including Utilities.

**Capital Outlay – ATV/Gator – 205-80-5884:** WWTP working area is 8 acres. Performing maintenance and carrying tools, lubricants, etc. will be more efficient and safer. The Gator would be paired with accessories in **Outdoor Power Equipment – 205-80-5985** to clear snow and other needs.

**Capital Outlay – WWTP Sidewalks – 205-80-5904:** Clarifier maintenance and cleaning is performed every Monday. Currently in inclement weather, operators walk on uneven ground and mud to complete tasks. Sidewalks address an employee safety issue.

**Capital Outlay – Clarifier Upgrades – 205-80-5920:** Rehabilitation of existing clarifiers.

**Capital Outlay – WWTP Pumps – 205-80-5951:** Critical back up pumps in the event of breakdown.

**Capital Outlay – Lab Equipment – 205-80-5969:** Existing glassware washer is in bad shape. The seals are worn and hot water leaks onto the floor, ruining the floor. The autoclave is extremely old and required for sterilizing certain laboratory equipment.

**Capital Outlay – Paving to WWTP – 205-80-5980:** Pave gravel and dirt road to WWTP.

**Capital Outlay – Irrigation System – 205-80-5986:** Irrigate green space at WWTP.

## Storm Drainage Fund Budget Highlights

**Presentation:** Adjusted presentation of enterprise funds (Water, Sewer, Storm Drainage) from a listing of accounts to statements reflecting Operating, Non-Operating and Capital-Related format. The format provides a better matching of expenditures against revenue sources. Operating Revenues arise from the monthly billing of storm drainage charges to the Town's customers for both the Town's storm drainage charge and the Boxelder Basin Regional Stormwater Authority (BBRSA) storm drainage charge. In addition, the BBRSA storm drainage impact fees are recognized as Operating Revenues. All BBRSA storm drainage revenues collected are passed on to the Authority as an Operating Expense offsetting the revenues collected. Non-Operating Revenues are revenues from other sources, such as taxes, grants, interest or miscellaneous. Contributed Capital are revenues from Infrastructure Dedications or the Town's storm drainage impact fees.

**Operating - Engineering Services – 207-34-5355:** \$25,000 to update Town Storm Drainage Plan.

**Non-Operating – Transfer from General Fund – 207-09-3380:** Projected 2017 borrowing required from General Fund to maintain adequate Fund Balance at December 31, 2017. This is in addition to the \$420,000 borrowed from the General Fund in 2016. Capital outlay is \$1.2 million invested in infrastructure the last two years for the Garfield Storm Drainage project.

## Park Fund Budget Highlights

**Tax Revenue – Sales Tax – 210-01-3130:** Two-thirds of the Town’s Sales Tax Revenue (2% of the 3% Sales Tax) is allocated to support General Fund activities. The remaining one-third (1%) supports the Park Fund.

**Tax Revenue – Use Tax – Building Materials – 210-01-3140:** Proposed 2018 budget is estimated from projection of 200 building units. General Fund receives 67% of the use tax and Park Fund receives 33%.

**Tax Revenue – Motor Vehicle Use Tax – 210-01-3315:** In 2016 the Motor Vehicle Use Tax was split 50/50 between the Street Fund and Park Fund. For the 2017 Town Budget, the Board of Trustees recognized demands on the Street Fund and increased the allocation to the Street Fund from 50% to 83.3%. The result was 2.5% of the 3.0% use tax allocated to support Street repairs and maintenance. .5% of the use tax remains in the Park Fund. The revised allocation is carried forward in the 2018 Budget.

**Tax Revenue – Open Space Sales Tax – 210-01-3700:** 100% of the Open Space Sales Tax is allocated to the Park Fund to support the acquisition and maintenance of Open Space.

**Building Permits – Trail Impact Fee – 210-02-3381:** Trail impact fee is \$450 per building permit. With an estimate of 200 building unit permits in 2018, the resulting budget is \$90,000.

**Building Permits – BP Park Impact Fee – 210-02-3620:** Park impact fee is general \$1,000 per building permit. However, developments may earn a discount on their impact fee with the construction and dedication of a park. With an estimate of 200 building unit permits in 2018, an estimate of a net \$900 park impact fee was used for a resulting budget of \$180,000.

**Recreation Program Fees – Recreation Fees – 210-05-3175:** Recreation fees were budgeted to approximate 100% participation in recreation activities. In addition, recreation activity costs were budgeted at the 100% level. This approach estimates the maximum impact the activities will have on the Park Fund. Recreation fees do not fully cover the cost of providing the programs to the Town.

**Transfers – Transfer-In From Conservation Trust Fund – 210-09-3800:** Transfer from Conservation Trust Fund to help support open space trail development.

**Administrative – Wages & Salaries – 210-15-5100:** Decrease due to changes in allocations to better reflect effort.

**Operating – Wages & Salaries – 210-34-5100:** Increase due to changes in allocations to better reflect effort and hiring of PW Director.

**Recreation – Wages & Salaries – 210-51-5100:** Reduction of proposed budget due to elimination of full-time position, increase of part-time effort to full-time and increase of seasonal hours of temporary employees.

## **Park Fund Budget Highlights (continued)**

**Non-Depreciable Cap – PAB Items - 210-70-5779:** Items for the purchase for 2018 are: Picnic Tables - \$3,000, Pour in Place - \$35,000, ADA Ramps - \$5,000, Basketball Courts - \$12,000, Centennial Park Plan - \$35,000, AutoLocks WCP Bathrooms - \$4,500, Other PAB Items - \$80,000.

**BUDGET ORDINANCES  
and  
CERTIFICATION of  
TAX LEVY**

**ORDINANCE 17 – 2017**

**AN ORDINANCE ADOPTING THE BUDGET FOR THE TOWN OF WELLINGTON, COLORADO FOR THE CALENDAR YEAR BEGINNING THE 1<sup>ST</sup> DAY OF JANUARY, 2018, AND ENDING THE LAST DAY OF DECEMBER, 2018, ESTIMATING THE AMOUNT OF MONEY NECESSARY TO BE RAISED BY TAX LEVY BASED ON THE SAID BUDGET SO ADOPTED; ESTIMATING THE AMOUNT OF MONEY TO BE DERIVED FROM OTHER REVENUE SOURCES; SETTING FORTH ESTIMATED EXPENDITURES FOR EACH, AND DECLARING AN EMERGENCY.**

WHEREAS, the Town Administrator has been designated to prepare the annual budget for Wellington, Colorado, for the calendar year beginning January 1, 2018, and ending December 31, 2018, and has prepared the said budget and has submitted it to the Board of Trustees; and

WHEREAS, the Board of Trustees has considered all relevant factors concerning the budget and made all adjustments to the budget deemed appropriate and proper; and

WHEREAS, the Board of Trustees is required by state law to adopt an annual budget prior to December 15, 2017,

NOW THEREFORE BE IT ORDAINED BY THE BOARD OF TRUSTEES FOR THE TOWN OF WELLINGTON, COLORADO:

SECTION 1. That the estimated revenue for the various funds of the Town of Wellington:

General Fund	\$ 7,526,206
Street Fund	\$ 1,763,029
Conservation Trust Fund	\$ 540,463
Water Fund	\$23,001,427
Sewer Fund	\$11,054,577
Storm Drainage Fund	\$ 833,631
Park Fund	\$ 3,019,717
Library Trust Fund	\$ 405,618
<b>TOTAL</b>	<b>\$ 48,144,668</b>

SECTION 2. That the estimated expenditures for each fund of the Town of Wellington are as follows:

General Fund	\$3,503,307
Street Fund	\$1,408,846
Conservation Trust Fund	\$ 100,000
Water Fund	\$3,349,804
Sewer Fund	\$1,928,082
Storm Drainage Fund	\$ 650,479
Park Fund	\$1,946,440
Library Trust Fund	\$ 17,000
<b>TOTAL</b>	<b>\$12,903,958</b>

SECTION 3. That the budget for the Town of Wellington, Colorado for the calendar year beginning January 1, 2018 and ending December 31, 2018, as heretofore submitted to the Board of Trustees by the Town Administrator, and as changed and amended by the Board of Trustees be, and the same hereby is adopted and approved as the budget for the Town of Wellington for the said fiscal year.

SECTION 4. That the budget herein approved and adopted shall be signed by the Mayor and the Town Clerk and made a part of the public records of the Town of Wellington.

SECTION 5. In the opinion of the Board of Trustees of the Town of Wellington, Larimer County, Colorado, this ordinance is necessary for the immediate protection and preservation of the public health, safety, convenience, and general welfare, and is enacted for that purpose and shall be in full force and effect after passage.

PASSED AND ADOPTED BY THE BOARD OF TRUSTEES OF THE TOWN OF WELLINGTON AND ORDERED PUBLISHED THIS 12<sup>TH</sup> DAY OF DECEMBER, 2017, AND ORDERED TO BECOME EFFECTIVE IMMEDIATELY UPON ADOPTION.

PUBLISHED IN FULL IN THE "Fort Collins Coloradoan" ON THE 15<sup>th</sup> DAY OF December, 2017.

**ORDINANCE 18 - 2017**

**AN ORDINANCE LEVYING GENERAL PROPERTY TAXES FOR THE TAXABLE YEAR 2017 TO DEFRAY COSTS OF GOVERNMENT FOR THE TOWN OF WELLINGTON, COLORADO, FOR THE CALENDAR YEAR BEGINNING JANUARY 1, 2018, AND ENDING DECEMBER 31, 2018, AND DECLARING AN EMERGENCY.**

WHEREAS, the Board of Trustees of the Town of Wellington has adopted the annual budget for the calendar year beginning January 1, 2018, and ending December 31, 2018, in accordance with the Local Government Budget Law, on December 12th, 2017; and

WHEREAS, the amount of money necessary to balance the budget for general operating purposes from the property tax is **\$1,059,723**; and

WHEREAS, the amount of money necessary to balance the budget for bonds and interest from the property tax is **\$86,983**; and

WHEREAS, the 2017 valuation for assessment for the Town of Wellington as certified by Larimer County Assessor is **\$85,193,587**; and

WHEREAS, the Board of Trustees is required by C.R.S. 39-5-128, to certify the mill levy to the Larimer County Board of County Commissioners not later than December 15, 2017.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF WELLINGTON, COLORADO:

SECTION 1. That for the purpose of meeting all general operating expenses of Wellington, Colorado, during the calendar year beginning January 1, 2018 and ending December 31, 2018, there is hereby levied a tax of **12.439** mills upon each dollar of the total assessed valuation of all taxable property within the Town of Wellington for the year 2017.

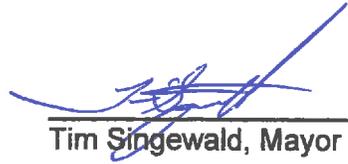

SECTION 2. That for the purposes of meeting all bonds and interest expenses of Wellington, Colorado, during the calendar year beginning January 1, 2018 and ending December 31, 2018, there is hereby levied a tax of **1.021** mills upon each dollar of the total assessed valuation of all taxable property within the Town of Wellington for the year 2017.

SECTION 3. That the Town Clerk is hereby authorized and directed to immediately certify to the County Commissioners of Larimer County, Colorado, the total tax levy for the Town of Wellington, Colorado, as is herein set forth.

SECTION 4. In the opinion of the Board of Trustees of the Town of Wellington, Larimer County, Colorado, this Ordinance is necessary for the immediate protection and preservation of the public health, safety, convenience, and general welfare and it is enacted for that purpose and shall be in full force and effect after passage and publication.

PASSED AND ADOPTED BY THE BOARD OF TRUSTEES OF THE TOWN OF WELLINGTON AND ORDERED PUBLISHED THIS 12th DAY OF DECEMBER, 2017, AND ORDERED TO BECOME EFFECTIVE IMMEDIATELY UPON ADOPTION.

PUBLISHED IN FULL IN THE "Fort Collins Coloradoan" ON THE 14<sup>th</sup> DAY OF
