i. Feedback

- 1. *The Parks and Recreation Manager asked for any feedback the Parks and Recreation Advisory board might have after reviewing the online survey for the parks naming process. The board expressed that they*

would like certain sections of “Section B” of the Parks Naming process document to be marketed within the online survey due to the guidelines it provides in relation to acceptable park names. The Parks and Recreation Manager expressed that he would ensure that the information is added to the survey. Trustee Jerome suggested that the Parks and Recreation Advisory board exercises their responsibility to provide one name per park to the Board of Trustees. The members of the board agreed.

b. Centennial Park

i. Spinami

ii. Play Structure Amenities

1. *The Parks and Recreation Manager expressed that the spinami has been ordered and manufacturing is behind and department will not receive the item until late spring 2022. He also expressed that he is awaiting the assessment from Star Playgrounds in regards to suggestions of play structures for Centennial Park. Lorilyn suggested that in the project we incorporate an ADA swing. Kallie expressed that having monkey bars in the project would be beneficial as well. Christine expressed having a seesaw would be great as well. Erin suggested to have a small table in the woodchip area would be good too. The Parks and Recreation Manager expressed after he receives the play structure amenities from Star Playgrounds he will share with the board and gain their feedback. The board agreed and was in favor of that direction.*

The Board agreed with the understanding that if the mirrored gold had to be changed due to a new color scheme in the future, it could be changed by the vendor per our request. Kallie suggested that she wanted to see another design with the font for the park name be the same font as the letter in the logo. The Parks and Recreation manager expressed that he would connect with Dynamic image and request those changes. Then, have the board assess them and provide feedback.*

d. Bench Dedication

i. Approval or Feedback

1. *The Parks and Recreation Manager asked if the board had any feedback in relation to the current bench dedication document and process. Lorilyn suggested that having the plaque in concrete rather than on the back of the bench might be a better option due to installment. The board agreed and the Parks and Recreation Manager expressed he would make that procedure adjustment on the Bench Dedication application.*

E. ANNOUNCEMENTS

a. PRAB Board Members

- i. *Lorilyn suggested that the department offer pickle ball and she also expressed that the department should host an event surrounding National Kids to Park Day on May 21st, 2022. Lorilyn expressed that we should begin preparing for an Arbor Day event that is April 29th, 2022 as well as request more information surrounding how the Town of Wellington can become a Tree City. Kallie expressed that she thought partnering with Main Street in relation to a volunteer event for residence to learn about different Town entities would provide an opportunity to educate residence about our parks. The Parks and Recreation Manager agreed that those suggestions would be great. Christine asked if we could earmark donation from residence. The Parks and Recreation Manager said that was possible. Christine said that a citizen wants a gateway on the north end of Viewpoint Park where fence is near the train tracks. I noticed these concrete picnic tables placed nicely side by side next to the Christmas tree recycling dump. I'm thinking the pond area at the dog park would be a great new home for some or all of them. [Christine Gaiter](#) don't you agree 🙌?

Anyone else agree that uses the dog park?
