This will be a late 2024 work item to align with the Cleveland Avenue improvements.

Eliminated \$700,000 from the project; this project will be completed in 2022.

Lift for the Municipal Bldg

Total project was budgeted at \$200,000. \$85,000 was received from DOLA Grant. All grant funds have been reimbursed. In 2022 spent \$30,833. End of 2021 invoices were not cleared until 2022, which is why the 2022 expenditures is over 2022 budgted.

Space needs project identified in 2021/2022 changed; still need to resolve Public Works space issues; resolve Town Hall space issues

After the Space Needs Assessment, next is an actual design. This will include evaluation of location/property and conceptual options.

Begin construction; this is a place holder to demonstrate costs; does not represent any actual numver

Await Board of Trustees strategic plan; this has been in the CIP for a couple of years

Based upon direction of Board of Trustees; this cost will require citizen input

Awaiting the Board of Trustees overall establishment of strategic initiatives. Inform on the Town's housing principles, goals, targets, strategies and priorities. Will include an analysis of current demographic, economic and housing market conditions in the Town and a detailed household and housing demand forecast for the next 10 - 20 year planning horizon. May be able to access some grant support.

A long-range plan that guides future development of transporation related infrastructure. Provides a framework for ensuring a reliable, safe and accessible transportation netowrk for residents and visitors. Will help to inform prioritization of Town's capital projects and budgetary decision-making.

This project is General Fund partnership with developer. \$230,000 has been paid at initial construction acceptance for the stormwater improvements. \$75,000 is final repayment following warranty period and final acceptance.

Town \$\$ may be able to match with grants

Eliminated this project in 2022 Amendment

May be spent in 2022 if not it will carry into 2023

Eliminated in 2022 Amendment

Development Agreement for over-sizing of electrical distribution line, relocation to underground, and installation of street lighting along Sixth Street.

The original thought this						

The original thought this project would be \$25,000; however due to taking a more permanent approach to the play structure at Viewpoint Park, increased this to \$250,000 for this Phase of the project

This is the final phase of the Viewpoint Park Improvements

Park Meadows

DA: is the money here

This will support the expansion of our chemical room for the splashpad. Safety issues in chemical storage

This will support the new irrigation controllers and supplies for 2 of our parks to support water efficiency; over time an irrigation upgrade program will be developed as systems age.

This will help support our fleet needs within parks

We are in need of a recreation truck due to workload and not having one currently
