**NEWS**

**WATER QUALITY** Our team sampled your reservoir, raw water, and finished water on July 13, 2017. All tests showed absent for microcystin and cylindrospermopsin. This means that while there is algae present, we did not detect the presence of the compounds of concern for acute public health. Thank you for your help and cooperation in this effort and please let us know if we can help in any way with the algae issues.

Tyson Ingels
Lead Drinking Water Engineer
Engineering Section

**ROAD CONSTRUCTION**

Wellington will be doing road and sidewalk repairs to the streets that are highlighted on the map. This means there will be street closures and detours in place. As we get closer to our start date, residents who will be impacted by the street closures, will be notified by the town.

**COMMITTEE EVENTS**

**WELLINGTON SUMMER CONCERT SERIES**

Saturday August 19th 6 pm to 8 pm
Concert and Beer Garden
Centennial Park, Downtown

**BASEMENT FINISH WORKSHOP**

FREE CLASS
3800 WILSON AVE. LEEPER CENTER
SATURDAY AUGUST 26th
9:00AM-11:00AM
The Town of Wellington and SAFEbuilt Inspection Agency will explain the codes required, the steps that need to be taken and the proper way to complete those steps to finish your basement like the professionals.

**NOTES**

Voluntary Watering Restrictions are in effect. Please see the Town website for more information.

macdonar@wellingtoncolorado.gov
Term expires April 2018

Trustee Matt Michel
michelma@wellingtoncolorado.gov
Term Expires April 2020

Trustee Wyatt Knutson
knutsowm@wellingtoncolorado.gov
Term Expires April 2018

Trustee Dan Sattler
sattledj@wellingtoncolorado.gov
Term expires April 2020

Tim Whitehouse
whitehtl@wellingtoncolorado.gov
Term Expires April 2018

The Public is Always Welcome

A Note from the Town Administrator

Hello Wellington! During the month of August your Trustees and Town Staff will be at the Farmer’s Market in Centennial Park each Saturday from 9:00 – 11:00. This is a great opportunity to discover on-going projects, ask questions, address concerns, and learn more about your community. Please make plans to visit your Farmer’s Market this August.

As you know, Wellington has been growing at a phenomenal rate in recent years, and we estimate our population will top 10,000 this Fall. We also have 840 new homes planned over the next three years, which will increase our population to 12,500 by 2020. One of the chief challenges we face with this growth is providing sufficient water to the community. We currently have two water treatment upgrades in progress: first, we are designing a major upgrade to the Town’s primary treatment facility which will double our capability by late 2018. Secondly, we are upgrading our treatment capacity at the Town well which will allow us to increase our production by 14%, or about 100,000 gallons a day. Together these upgrades will allow us to deliver sufficient water to meet the needs of a population of over 17,000.

Wellington is also actively looking for an alternative water supply. We have been working with a water consulting firm to locate a new water supply for the Town, and we expect to have a source located soon. Additionally, in the coming months we will be completing a water efficiency plan which will help us identify conservation measures which will lower demand and reduce operational costs. A water efficiency plan is required for all Colorado towns with a population of 10,000.

Ed Cannon, Town Administrator
