Message from the Library Director
by Kathy Bornhoft

Change can be a good thing; and in this case a great thing! I attended an AspenCat Users Group meeting and there are some great changes coming in the new year. In February, AspenCat will begin using Bywater as its new system. What that means for the library is that our system will be easier to use with less times when the system is down. Searching for books on the new system will be easier and tracking books will be easier. Patrons will probably notice an improvement in finding items on the online catalog.

So, your first question is probably what is AspenCat? AspenCat is a union-catalog, integrated library system. There are currently over 100 AspenCat member libraries, including public, school, academic and special libraries.

As a Wellington Public Library Patron, you have easy access to over one million items in the AspenCat Catalog. You can browse the AspenCat Catalog online, and with your library card number you can place items on hold. If the item is in our library, we will pull the item and have it waiting for you. If the item is coming from another library, it will be sent to the WPL for you to retrieve. If you have not used our system, we encourage you to do so, and with the changes that are coming, you will definitely want to see what is available to you.

Please check out our website for all the benefits this little library has to offer, including e-books and audio books; all yours for the downloading!

Food for Fines

November & December

Bring in canned food/non-perishable items (beans, pasta, peanut butter, cereal, etc.), and we will take $1 off your fines for each item donated. (Please make sure items are not expired.) All items will be donated to the Wellington Food Bank.
